Catalogo 2024

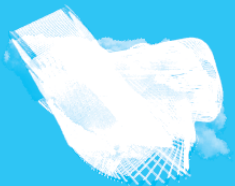

La nuova Colombo.

Ogni famiglia è unica ed è questa unicità che permette di gestire insieme le attività quotidiane come un'unica squadra. Questo è ciò che costituisce il fondamento della vita familiare. Non sarebbe possibile affrontare questi compiti senza l'aiuto vitale di alcuni "eroi silenziosi" in giro per casa: i nostri prodotti.

The new Colombo

Every family is innately unique. This uniqueness allows them to manage everyday tasks together as a collective unit, this is what forms the foundation of family life. We wouldn't be able to tackle these tasks without the vital help of a few unspoken heroes around the house. So, the new brand mission is to celebrate these heroes that help us efficiently succeed in these mundane household activities on a daily basis.

La famiglia è un privilegio e ogni opportunità che abbiamo di trascorrere del tempo di qualità insieme è di per sé una forma d'arte. Non importa quanto siano impegnative le faccende domestiche, purché siano svolte con le persone che ami.

The Art of Everyday living

Family life is a privilege, and any opportunity we get to spend quality time together is itself a form of art. No matter how simple the household task is, as long as it's done with the ones you love.

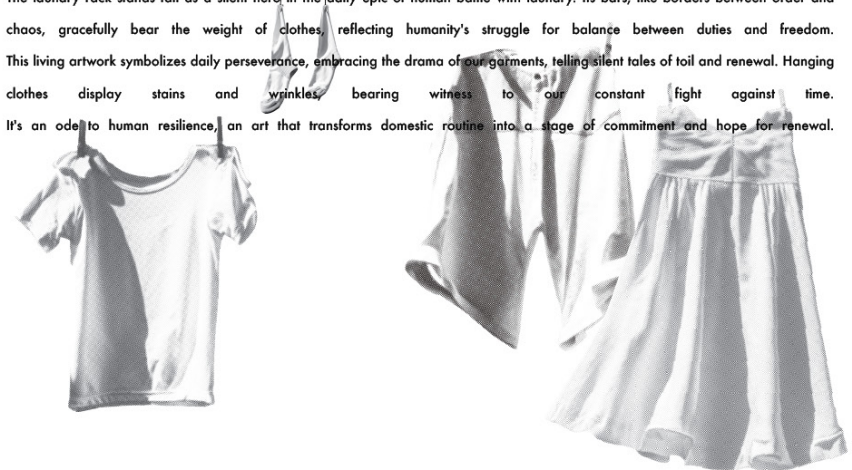

The revolution of the mundane

Diciamocelo: sopravvivere alle faccende quotidiane è un capolavoro. Ciò che ci aiuta a farlo trasformando allo stesso tempo una "abitazione" in una "casa" è un'opera d'arte degna di essere celebrata.

The revolution of the mundane

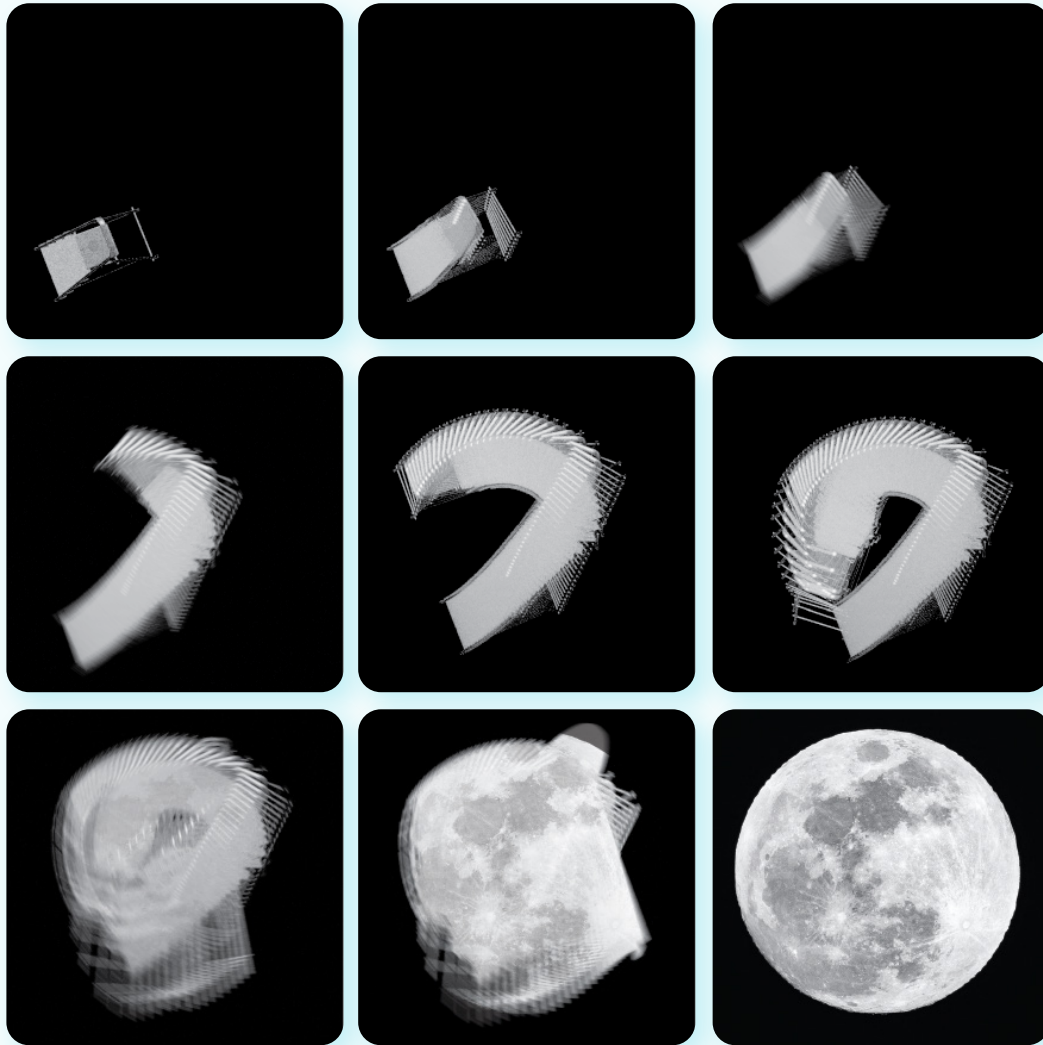

Let's face it: surviving daily chores is a masterpiece. What helps us do this while simultaneously turning a «house» into a «home» is a work of art worth celebrating.

The laundry rack stands tall as a silent hero in the daily epic of human battle with laundry. Its bars, like borders between order and chaos, gracefully bear the weight of clothes, reflecting humanity's struggle for balance between duties and freedom. This living artwork symbolizes daily perseverance, embracing the drama of our garments, telling silent tales of toil and renewal. Hanging clothes display stains and wrinkles, bearing witness to our constant fight against time. It's an ode to human resilience, an art that transforms domestic routine into a stage of commitment and hope for renewal.
