# Benvenuto *in famiglia.*

Persone, abitudini, problemi e affetti.  
Ogni famiglia ha una ricetta personale e differente,  
c'è un unico ingrediente che tutte hanno in  
comune: esserci sempre l'uno per l'altro.  
Questo è quello che famiglia significa per noi.

## **Welcome to our family.**

*People, habits, problems and love.  
Each family has its own, unique recipe -  
where one ingredient can't be missing:  
being there for each other.  
This is what family means to us.*

## *Al tuo fianco, in ogni caso.*

---

Il giro di bucato ancora da fare a mezzanotte.  
La lampadina fulminata nel bel mezzo di un temporale.  
La camicia stropicciata a un quarto d'ora dal colloquio.  
Che sia per una piccola emergenza in casa, o una  
semplice necessità di routine, noi ci siamo.

### *By your side, always.*

---

*When it's midnight and you still have to do the washing.  
When a bulb is out in the middle of a storm.  
When your shirt is wrinkled and you have a job  
interview in half an hour.  
Be it a small emergency at home, or just your daily  
routine, we are there for you.*

or whether, some of them  
will get lost or lonely  
meet new people while learning  
more through things, improve  
your self-confidence, or even  
show when you travel. There  
are a great number of countries  
you will learn a lot from their  
new about people's ways of life  
just don't limit yourself to your  
world. Go see the world with your own eyes.

## Quello che conta davvero.

Le faccende di casa sono parentesi che interrompono i momenti più belli della giornata. Vogliamo rendere questi intervalli piacevolmente brevi e lasciare il giusto spazio alle cose che contano davvero.

### **What matters the most.**

*Chores usually interrupt the nicest moments of your days.  
We want to help you in doing the housework in the shortest time possible, to let you enjoy what matters the most.*

SINCE 1958

# Dove l'innovazione è di casa

Sono passati oltre sessant'anni da quando abbiamo spalancato le porte di casa Colombo al mondo.

In questo periodo sono cambiate molte cose: abbiamo sviluppato un know-how in grado di garantire una qualità costante ai nostri prodotti e acquisito una sensibilità nel capire sempre le esigenze delle famiglie di oggi.

In un settore in cui non è semplice rinnovarsi, siamo sempre alla ricerca di nuovi materiali, funzionalità e tecnologie, ma anche di un'estetica sempre più essenziale e moderna.

Come i nostri prodotti, anche il nostro nome ha subito un'evoluzione per rappresentare a pieno la vision, ora come allora: migliorare la vita in casa per tutte le famiglie.

## Where innovation lives

Our company was founded more than 60 years ago.

Many things have changed since then, but thanks to our know-how, we've been able to achieve the highest standards of quality in our production and to deeply understand what families need today.

In a sector where it is not easy to innovate, we're constantly looking for new materials, functions and technology, together with a modern, essential design.

Our brand identity has been evolving too, to match our vision, as it used to be and still is now: making life easier for families.

# La Natura è il nostro nido

*Ambiente, riciclo, sostenibilità* sono temi sensibili ed importanti, che troppo spesso vengono ancora trattati con troppa superficialità. Il nostro impegno per preservare il pianeta che abitiamo e amiamo è sempre più grande.

Siamo certificati ISO 9001 per la qualità e sicurezza fin dal 1997 e riceviamo nel 2003 la certificazione ambientale ISO 14001. Abbiamo ricevuto la nuova certificazione OEKO-TEX, che garantisce la nostra piena ecosostenibilità nei processi e negli ambienti e stiamo lavorando alla certificazione FSC, che garantisce l'origine sostenibile di tutto il legno e la carta che acquistiamo. Ma questo non ci basta.

## **Nature is our nest**

---

*Environment, recycling, sustainability are very sensitive issues, which tend to be overlooked.*

*We are constantly engaged in protecting the planet we live on and we love.*

*We've been meeting the requirement of [ISO 9001](#) since 1997 and in 2013 we reached [ISO 14001](#) standards, too. We are now an [OEKO-TEX](#) certified company, which grants full sustainability in our production processes and facilities and we'll soon become [FSC](#) certified, to verify that all the wood and paper we use come from sustainable sources. But this is not enough.*

# Un asse da stiro è per sempre.

Non progettiamo i nostri prodotti solamente perché durino nel tempo. Li progettiamo perché anche quando smetteranno di essere utilizzati, abbiano il minimo impatto possibile sull'ambiente.

Per tenere fede a questa promessa abbiamo calcolato l'impatto che ogni singolo prodotto ha sull'ambiente lungo tutto il suo ciclo di vita, dall'estrazione delle materie prime, fino all'utilizzo e alla dismissione: un ambizioso progetto chiamato [LCA](#)<sup>+</sup>.

## ***Ironing boards are forever.***

*Our products are designed to last. And to have the lowest environmental impact possible, once you stop using them. To keep this promise, we've estimated the impact every single product has on the environment during its life-cycle, from the extraction of raw materials, to its usage and disposal: [LCA](#), a very ambitious project<sup>+</sup>.*

\*Secondo l'analisi sul ciclo di vita (LCA), un asse da stiro medio causa i seguenti impatti sull'ambiente:

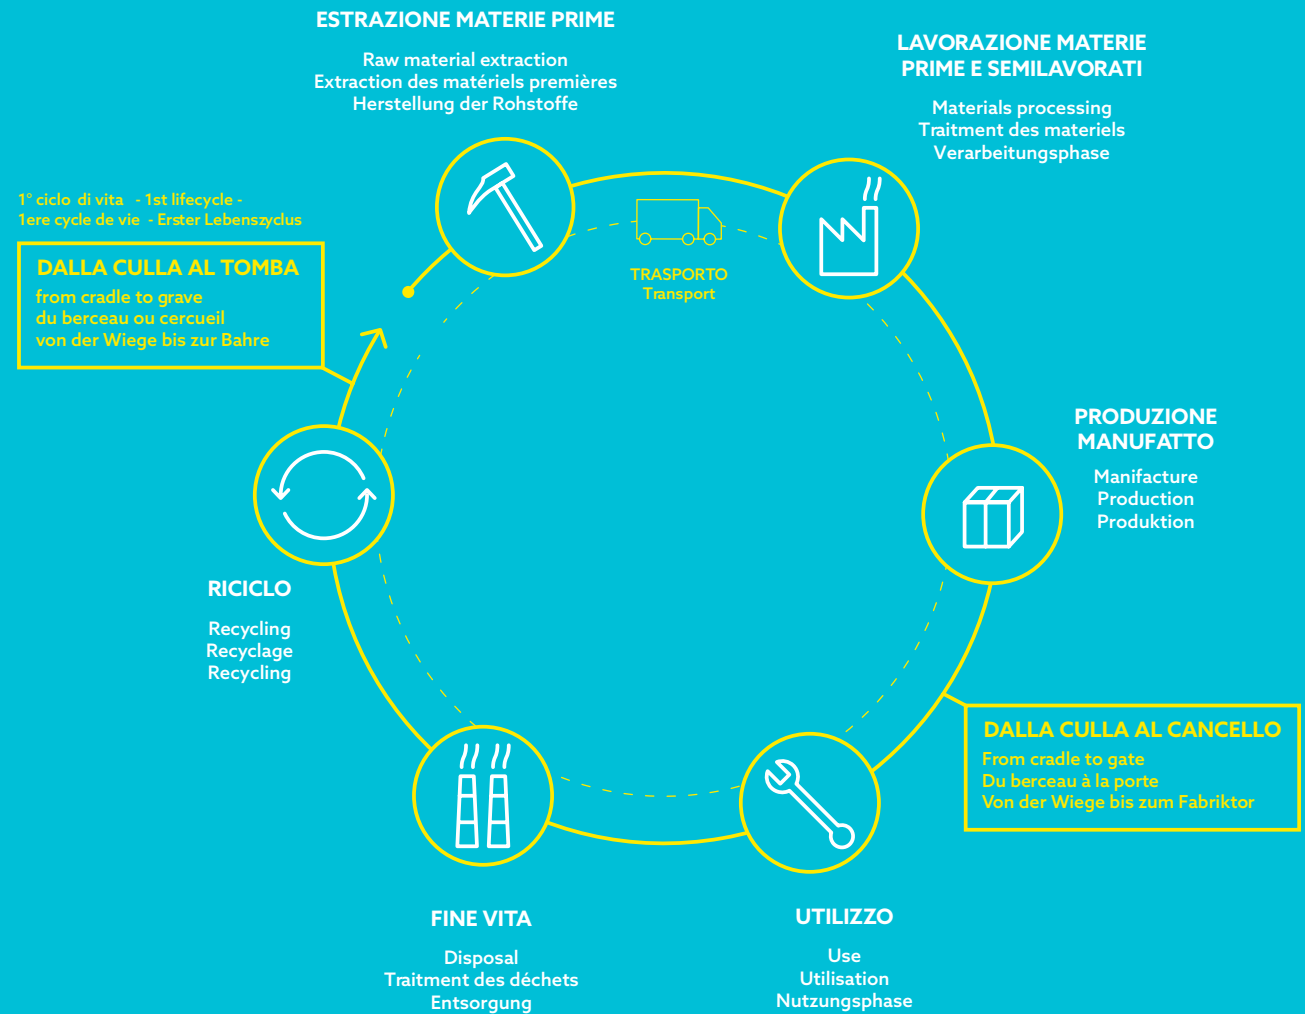

\*According to the Life Cycle Assessment (LCA), the production of an average ironing board causes the following impacts on the environment:

Asse stiro  
ironing board

IPCC GWP 100a (kg CO2 eq)	22,14
Cumulative Energy Demand (kWh)	73,81
Ecological Footprint (m2a)	3,84
Water Depletion (m3)	0,32
